

HEALING HAVEN HOME LLC

MISSION STATEMENT

Structured Independent Living | Indianapolis, Indiana | Est. 2026

This Mission Statement is the standalone statement of purpose for Healing Haven Home LLC. It is displayed in the common area of every property, included in the DMHA Level II designation application, and reflected in every operational document and public-facing material the organization produces.

1 OUR MISSION

The mission of Healing Haven Home LLC is to provide safe, dignified, and structured independent living housing for self-sufficient adults who are ready to rebuild stable, independent lives — including veterans, individuals in recovery, reentry adults, domestic violence survivors, seniors on fixed income, and unhoused individuals. We hold every resident, and ourselves, to a standard built on accountability, dignity, and purpose.

2 HOW WE CARRY IT OUT

1 A Real Home

We maintain a clean, well-kept, residential environment that feels like a home — not a facility, not a shelter, and not a clinical setting.

2 Structure and Accountability

Clear House Rules, consistent enforcement, weekly house meetings, and a zero-tolerance alcohol and drug free environment give every resident a stable foundation to build on.

3 Peer-Based Support

We connect residents with peer support, community resources, 12-step and faith communities, and the referral partners across Indianapolis who can meet needs beyond our scope.

4 Respect for Every Person

Every resident is treated with dignity and fairness, without discrimination, and with full protection of their rights under Indiana Code 12-27 Article 27 and their privacy under 42 CFR Part 2.

5 Operating at the Standard

We align every policy and practice with NARR Standard 3.0, INARR certification requirements, and Indiana DMHA Level II designation standards.

Accountability · Dignity · Purpose
